LENS TECH

ABOUT US

At Make make Lighting Solutions, lighting is more than just a utility – it's our passion and purpose. We are a leading manufacturer and supplier of high-performance LED lighting solutions designed to meet the evolving needs of modern homes, industries, commercial spaces, and public infrastructure.

Makemake Lighting Solutions was founded with a clear vision: to provide innovative, energy-efficient, and durable lighting products that deliver real value. Over the years, we have earned the trust of thousands of customers and businesses through our commitment to quality, reliability, and service excellence. Our brand stands tall in the competitive LED market by focussing not just on products – but on people, performance, and purpose.

We design, manufacture, and distribute a complete range of LED lighting products, including:

- * LED Bulbs & Tube Lights
- * LED Panel Lights (Surface & Recessed)
- * COB & Cylinder Spotlights
- * Flood Lights & High Bay Lights
- * Street Lights & Solar LED Solutions
- * Automotive LED Lights (Fog Lights, DRL, Indicators)
- * Smart Lighting (Sensor-Based, Remote-Controlled Solutions)

Each product is developed using advanced LED technology, ensuring maximum brightness, lower power consumption, and a longer lifespan.

What sets Makemake apart is our unwavering commitment to quality. Every product is made using premium-grade materials and passes through multiple levels of testing – including heat resistance, surge protection, waterproofing (IP-rated), and lumen output checks.

"To offer reliable and eco-friendly lighting solutions that exceed customer expectations through innovation, quality, and service."

"To become a globally respected lighting brand by illuminating lives with smart, sustainable, and stylish LED solutions."

A woman with blonde curly hair, wearing a black ruffled dress and orange shoes, is posing on a white, illuminated, angular surface. Her right arm is raised, and her left leg is extended forward. The background is dark, and the surface she is on has a series of small, rectangular lights along its edge.

Every pose, perfectly lit.

Glow Light – made for stunning moments.
